**Directions:** Mist product directly onto surface intended for protection and spread using a clean microfiber. Buff excess product using a clean microfiber, turning to a dry portion of the cloth for the final buff. Do one area at a time, move to the next and repeat the process.

**Note:** Especially on glass, stainless steel, chrome, and other high gloss surfaces, rebuff using another clean, dry terry cloth or microfiber to ensure a streak free shine.

**Caution:** Keep out of reach of children!
