

As a fulltime charter boat captain on Amelia Island, Florida, endorsed by Skeeter Boat Co as a pro staff member and reporting for the Chevy Florida Insider Fishing Report it is very important to maintain a professional image. My boat and truck must reflect the professional operation and services that I provide on and off the water. The salt water marine environment and ultra violet solar rays require constant care and cleaning of my boat and truck. Topcoat products can provide the best solution and science to maintain, restore, and preserve my auto and marine surfaces, both exterior and interior. With my busy schedule I find my time is limited, Topcoat products saves me time, just spray it on and wipe it off, it just doesn't get any easier. I'm done shopping for automotive and marine cleaning products, Topcoat does it all!

I'm not done yet; understand that the people behind Topcoat are very real and will serve you with heart and passion. They believe in their products and will go out of their way to provide you with a gratifying solution.

Sincerely,

Capt. Russell Tharin
